

Protect Health Benefits for Part-time Employees

We, the undersigned, urge you to REJECT SB 5905 and any budget language that would cut part-time employees from the benefits they currently receive. This bill saves money on the backs of those who earn the least, which is unfair. Step up and protect our part-time employees!

- Dental and vision coverage would be ELIMINATED.
- Premiums will be HIGHER.
- Employees will PAY MORE OUT-OF-POCKET for deductibles, co-pays, and co-insurance.
